## Cohen's Lottery &amp; Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, November 21. 1823.

## The Capitals still undrawn!

The Wheels of the GRAND STATE LOTTERY now present to Adventurers a more splendid prospect of obtaining an Independence than has occurred for many years. On reference to the List of yesterday's drawing, on our 3d page, it will be perceived that One Thousand Dollars yet continues to be the highest prize out—ONLY SEVEN DRAWINGS now remain to complete the scheme, during which time there must be distributed the whole of the following GRAND CAPITALS, VIZ:

100,000 DOLLARS	10,000 DOLLARS
20,000 DOLLARS	5,000 DOLLARS
10,000 DOLLARS	5,000 DOLLARS

Besides Eleven of One Thousand Dollars, &c. &c. &c. The magnitude of the great prize of ONE HUNDRED THOUSAND DOLLARS will be the grand object of attraction, and is alone sufficient to cause the immediate completion of investments.—Our distant friends should lose no time in securing chances.—The Tickets and Shares are going off rapidly.

WHOLE TICKETS \$15 00 | QUARTERS \$3 75  
HALVES ..... 7 50 EIGHTHS ..... 1 87

Recollect that the CASH THE MOMENT THEY ARE DRAWN, can be had for all Prizes sold at COHEN'S OFFICE. The greatest attention and punctuality will, as usual, be paid to all orders, either for whole Tickets or Shares—Direct to

J. I. COHEN, JR.—BALTIMORE.

## Washington Monument Lottery.

This patriotic Lottery has completed One half of its drawings, and the Capital prize of 20,000 dollars, with BOTH of the 10,000's are still undrawn. The Scheme is brilliant, considering the few Tickets in it, and the low price of them:—Independent of these, is the object of the Lottery, in which the feelings of the whole of the American people are interested. The state of the wheels will be found on the next page, and exhibits a cheering prospect of success on investments. TICKETS will RISE after the next drawing, if the Capitals then remain undrawn—in the mean time the price will continue at TEN DOLLARS, and Shares in proportion.

\* ORDERS, as heretofore, will meet the most prompt attention, addressed to

J. I. COHEN, JR.  
Sec'y to the Man'g're—Baltimore.

## IMPORTANT TO DISTANT ADVENTURERS.

The Notes of any of the Banks in Virginia, North Carolina, South Carolina or Georgia, and also of all specie-paying Banks in Maryland, New York, Pennsylvania and Ohio, will be received at COHEN'S OFFICE, at par, in payment for either Tickets or Shares in the Grand State or Monument Lotteries.—The notes of the Bank of the United States and Branches will also be received par.

MASONIC.—The semi-annual communication of the Grand Lodge of Maryland was closed on Wednesday evening. The friends to the cause of humanity, and the developement of moral and intellectual light, will rejoice to learn that the aggregate returns of the subordinate lodges show a steady increase of the Fraternity—while, to the brethren at a distance, it will be gratifying to be informed that the means for discharging the semi-annual interests upon the stock with the accustomed punctual faith, continue not only unimpaired, but are also becoming gradually enlarged.—We should be

doing injustice to the taste and judgment of the gentlemen who have had the matter in charge, were we to pass without notice the appropriate and elegant manner in which the apartments for the accommodation of the Grand Lodge, subordinate lodges, and Royal Arch Chapter have been furnished and decorated. The two latter are now entirely completed, and the general admiration which the whole have elicited is not a little enhanced from the consideration that the furniture, including the splendid chandelier in the principal room, is exclusively of domestic manufacture.—*American.*

OHIO AND CHESAPEAKE CANAL.—The Delegates appointed from various counties of Virginia, Maryland, Pennsylvania, and Ohio, met in Washington, on the 6th inst. for the purpose of devising and recommending to the Legislatures of the states more immediately interested in the improvement of the navigation of the Potomac, and its connection with the Western waters, some plan which shall promise the early commencement and ultimate execution of the great work contemplated.

CONGRESS.—The Eighteenth Congress of the United States will assemble at Washington city, on Monday, the 1st day of the ensuing month. It is expected, as great and weighty matters will be discussed this session, the attendance will be very general. The following may be considered as among the important subjects claiming an early attention—the protection of domestic manufactures—the increase of the duty imposed upon imported woollens—the regulations of the navy—the mode of suppressing piracy—the conduct of the military expedition against the Ricaree Indians—the general tariff bill—and the state of affairs with foreign nations.

## Domestic Intelligence.

Treaty of Ghent.—The joint British and American Commission, appointed under the mediation of the Emperor of Russia, for the adjustment of the claims of our citizens for private property taken and carried out of the waters of the United States by the British, after the ratification of the treaty of peace, adjourned on Wednesday last, to the 12th of January next. We understand that they have come to no decision yet as to the *average* valuation of slaves; and that the list of claims to be furnished by the Department of State, which is to be regarded as *definitive*, will not be handed in until this previous question shall be settled.—*Wash. Journal* of 12th.

Claims on Spain.—The Commissioners under the 11th article of the *Florida Treaty* (as it is commonly called,) are expected to assemble at their Rooms this day. As their term will expire under the Treaty on the 9th of June next, (being three years from the date of their first meeting) and they have still, as we learn, much laborious duty to perform, it is probable their session will be a long and busy one.—*ib.*

Post Office Regulation.—The Post Master has furnished his deputies with blanks for taking an account of all papers left at their offices for distribution. In these, accounts are to be kept of every paper chargeable with postage. Packets deposited must have the number of papers endorsed by the Printers; that they may not lose the mail, of the day, the Printers are required to have their papers deposited a sufficient time before the departure of the mails, for such an account to be taken. Publishers who choose to furnish the Post Master, at the close of the quarter, with the number of papers sent to each Post Office, will be furnished with a blank for that purpose, in which case the number of papers in each package will not be required to be endorsed.

Eclipse.—Mr. Van Ranst, the owner of the famous horse *Eclipse*, has had an offer of \$2500 for the use of him, in Kentucky, during the next season—which offer Mr. R. will probably accept unless he receives here 40 subscriptions at \$50 each, before the 1st of December next, in which case he will be kept near the city as usual.—*N. York Gaz.*

A Census has been very recently taken of the town of Louisville, in Kentucky, by which it appears that its population consists of 2787 Whites and 1575 Blacks—a total of 4362, shewing an increase of 450 since the year 1820. It is proposed to incorporate the town.

A Society auxiliary to the American Colonization Society has been formed at Richmond, of which the Hon. Judge Marshall is the President, and Gov. Pleasants is the Vice President.

Pistareens.—It appears from a paragraph in a New Orleans paper, that the inhabitants of that city have been accustomed to circulate the coin of this denomination at 25 cents, (instead of 16 or 17 cts., their real value) and that a profitable speculation, to a considerable amount, has been carried on, by remittances thither of this kind of coin from the north.

Economy.—It is stated, that the new Postmaster General, in making the contracts last month for carrying the various mails in the United States, has reduced the amount for that service about seventy thousand dollars less than it has hitherto been.

## Highly Important from Europe.

By the arrival at New-York of the ships Diamond, Minerva and others, in remarkably short passages from Liverpool, London papers to the 20th ult. have been received. These papers fully confirm the late reports of CADIZ having fallen into the hands of the French by SURRENDER; and it is said, though almost incredible, without even the form of capitulation with the garrison. The French entered the city on the 3d October. The Cortes it appears, made no terms, and the King and Royal Family left Cadiz and joined the French, because the confusion was such that no one had authority to prevent them. Couriers had been despatched to all the corps of the Army, with letters from the King of Spain, ordering them to lay down their arms. One account states that sixty members of the Cortes, voted to restore the King to his former power; and that in consequence they will receive the royal clemency—*Fifty thousand French troops are to occupy Spain until tranquillity shall have been restored.* The Regency has of course been dissolved.

The King was slowly pursuing his way to Madrid. It was supposed he would make some stop at Seville. The Duke d'Angouleme, it is said, from motives of delicacy, did not enter Cadiz, lest it should have worn the appearance of a triumph.

Riego was tried before a civil tribunal, notwithstanding his military rank, and condemned; but he has been respite, in consequence of certain disclosures, which it is said will affect 300 persons—some of whose names are conspicuous in France.

THE NEW POPE.—Cardinal Della Genga was elected Pope on the 27th of September, and has taken the title of Leo XII. He is an Italian, born at the Castle of de la Genga, 2d of August, 1760. The *Journal des Debats* says he is a man of great learning, accustomed to business, and of irreproachable morals. He was Nuncio during 14 years in the electorates of the Rhine.

North Pole.—A letter from a gentleman in Liverpool dated 18th ult. states that Capt. Parry had returned with the Discovery ships, and had not been able to penetrate so far to the north as on his former voyage. Five men were lost in the expedition.
